ANNUAL MEETING

Saturday, 8th March, 1941.

The 115th Annual General Meeting of the Royal Bath Hospital and Rawson Convalescent Home was held on Saturday, 8th March, 1941.

Col. W. F. Collins, D.S.O., J.P., D.L., presided. Among those present were The Mayor of Harrogate (Coun. E. J. Wheeler, J.P.), C. E. Carter, Esq., J.P. (Chairman of Board of Management), Stanley Barnes, Esq. (Hon. Treas.), Herbert Crowther, Esq., LL.B., J.P. (Hon. Treas. Grey Cross Campaign), Coun. J. S. Holmes, J.P., J. W. May, Esq., Arthur Woodhead, Esq., Dr. G. L. Kerr Pringle, M.C., Dr. A. C. Sharp, Dr. R. Nimmo Watson, Dr. J. L. Wesley-Smith, Dr. Henry Mathers, Dr. Dorothy Potter, A. Woodmansey, Esq., Rev. Joseph Bell, A. H. Whalley, Esq., The Matron (Miss E. C. Baynes), and the Secretary (Mr. E. P. L. Dixon, M.A.).

Apologies for absence were received from Lord Harewood (The Patron), Viscount Mountgarret (President), Mr. and Mrs. W. Arthur Taylor, Mrs. J. J. Norton, M.B.E., Dr. Wm. Yeoman, Mr. Magnus E. Mail, Mrs. Geldart, and Dr. Muriel Keyes.

COL. COLLINS moved the adoption of the various Reports.

MR. C. E. CARTER (Chairman of the Board of Management) seconding, said that 1940 had been a very difficult year. They had had to meet rising prices and frequently recurring extraordinary charges. The accountants had told them that for the first time in 20 years there was a deficit. Previously they had been in the happy position of ending the year with a small but comfortable balance on the credit side. He hoped, however, that this was not the final word. The deficit was not large and he hoped that when the final settlement with the Ministry of Health was arrived at, the payments would enable them to wipe out the deficit. He wished to take this opportunity of reminding the Ministry that the Hospital got nothing free except fresh air and sulphur water. They could not feed soldiers on that and

would be glad to have something on account. No payments in respect of the interim returns had been received since the middle of November last. Meantime their bills had to be paid and the bank overdraft was going up.

He was much concerned with their prospects for 1941. All expenditure was being rigorously scrutinised, but the purchasing power of the pound was not what it was three years ago and, on a conservative estimate, they would require an income at least 25 per cent. above their normal income. How to obtain that increase was the problem they had to face. The basis of interim payments was fixed provisionally on their costs for 1937. Everyone knew that such a basis was not applicable to 1941 and he thought the time had come for a revision of that basis. Were this done, it would be one possible source of increased income.

Formerly they had had considerable grants from the Friendly Societies but these had been for some years discontinued. He thought these Societies should now come forward and help them over their difficulty. The Hospital was national in its scope and was founded more than 100 years ago to benefit those who were not in a position to pay for spa treatment themselves and in the past it had been largely supported by voluntary contributions. The majority of their subscribers, even in these difficult days, had continued to support them most loyally, but they were hard hit by taxation and could hardly be expected to shoulder additional burdens. They could however help very materially by paying their annual subscriptions under the covenant scheme. There was no trickery about the scheme; it had been authorised by Acts of Parliament and was as legal as the Income Tax. With Income Tax at its present rate of 8/6 in the £ a subscriber, at no cost to himself, could increase his subscription to the Hospital by about 70 per cent. They hoped that many of their subscribers would agree to do this; the possibilities were tremendous and could result in an increase of income of approximately £1,700. They could not afford to let such an opportunity slip by. Those who paid surtax would by adopting the scheme, actually pay less since they could make the gross payment a charge on their surtax return. The information would be circulated to each subscriber in a leaflet with the Annual Report and he hoped there would be a widespread response to their appeal. They were also asking the patients to pay a little more towards the cost of their maintenance. They had done this after very careful consideration and under the stress of absolute necessity.

The Reports were unanimously adopted.

MR. STANLEY BARNES (Hon. Treasurer) moving the adoption of the Accounts, stated that subscriptions had shown a considerable falling off and he feared for a similar decline during the coming year.

MR. HERBERT CROWTHER seconding the adoption of the Accounts, said that the Hospital was very fortunate in having completed its new Boiler House before the War began. He was sure, from personal experience, that the Hospital was too modest in proclaiming the value of its work.

THE MAYOR (Coun. E. J. Wheeler, J.P.) moved a vote of thanks to the Chairman and Members of the Board of Management for their services during the past year and that the following members due to retire by rotation be re-elected, viz. : Messrs. H. Crowther, D. P. Wilks, J. W. May, and W. A. Taylor, and that the nominees of the Honorary Medical Staff—Dr. A. C. Sharp, Dr. W. Yeoman, Dr. R. Nimmo Watson, and Dr. H. Mathers—be appointed to the Board.

THE REV. JOSEPH BELL seconded the resolution, which was carried unanimously.

MR. CARTER, replying, said the Committee worked together most harmoniously and it had given him no little pleasure to be their Chairman.

COUN. J. S. HOLMES moved and MR. J. W. MAY seconded a vote of thanks to Mr. Stanley Barnes for his services as Honorary Treasurer and that he be re-elected for the ensuing year.

MR. ARTHUR WOODHEAD moved and MR. HERBERT CROWTHER seconded a vote of thanks to the Members of the Honorary Medical Staff for their services and proposed their re-election. He said he could not find words with which adequately to express their indebtedness to the Medical Staff for all they had done and were doing for the Hospital. Voluntary Service was a marked social feature of these days, but in no form was it more valuable than in that so readily given by the Medical profession.

DR. A. C. SHARP thanked the Meeting for the cordial reception they had given to the resolution. The times were difficult but people were naturally reluctant to leave their homes and a decline in the number of civilian applicants might be regarded as inevitable. The Medical Staff were a united body. He thanked the Matron and the Nursing Staff for the support they had given to the Doctors.

MR. CARTER moved and the HONORARY TREASURER seconded the adoption of the new scale of charges, notice of which had been previously sent to all subscribers.

The scale was unanimously adopted without comment or criticism.

DR. WESLEY-SMITH proposed and MR. A. WOODMANSEY seconded the re-election of Messrs. Lowrey, Weston and Whalley, Chartered Accountants, Leeds and Harrogate, as Auditors for the ensuing year.

MR. WHALLEY, on behalf of his firm, thanked the Meeting for their re-appointment.

A vote of thanks to Col. W. F. Collins for presiding was moved by MR. CARTER and seconded by the HONORARY TREASURER.

Report of the Committee of Management.

To the Right Honourable The Earl of Harewood, K.G., G.C.V.O.
D.S.O., and Subscribers of the Royal Bath Hospital
and Rawson Convalescent Home, Harrogate.

Motives of economy and discretion combine to induce your Committee to be somewhat more brief than usual in presenting their report for the year 1940. It has been thought desirable, in giving the number of admissions to show the figures for three years instead of for the usual two years so that there may be comparison with 1938, the last full year of normal working.

	1938	1939	1940
Hospital :			
Men	592	571	1,157
Women....	793	493	—
	<hr/>	<hr/>	<hr/>
	1,385	1,064	1,157
 Rawson Home :			
Men	255	169	—
Women....	244	148	544
	<hr/>	<hr/>	<hr/>
	499	317	544
 TOTAL	 1,884	 1,381	 1,701
	<hr/>	<hr/>	<hr/>

During the past year the basis on which the Hospital has worked under the instructions of the Ministry of Health has been changed twice and it is, for the time being at least, “suspended from the Emergency Medical Services” and has for the past 9½ months reverted to its peace time functions. How long this state of affairs may continue it is of course impossible to predict as it is wholly dependent upon the direction which future developments, both at home and abroad, may take.

For these reasons to attempt statistical comparison with past years—or even with 1939 when conditions were quite different—would be both futile and misleading.

All things considered, the number of civilians availing themselves of the treatment has not been markedly fewer than might have been expected, though the long waiting list

associated with pre-war days has never appeared likely to materialise. For the first time in its history the Hospital was open for civilians during Christmas but although the number remaining was comparatively small, it may reasonably be expected to increase as time goes on and the fact that the Hospital is open at this season becomes more generally known.

The number of Military cases of the rheumatic type admitted has been remarkably constant and the conduct of the men good. Those who were here at Christmas were highly appreciative of the efforts made by the Matron and Staff to cater for their enjoyment.

During the year some much needed and long overdue improvements in the accommodation for the domestic staff have been carried out and all the exterior woodwork of the buildings has been re-painted. This was last done seven years ago and it was considered necessary to preserve the fabric from serious deterioration.

It is an open secret that plans are being matured for a campaign against rheumatism on a national scale in which there is every reason to believe that the Hospital will be called upon to play an important part. Details of this however are not yet sufficiently worked out to enable particulars to be given.

PERSONAL

Your Committee records with deep regret the loss in January of Dr. A. W. Hinsley Walker, J.P., after a very brief illness. Dr. Walker joined the Staff in 1891, the same year as that in which Mr. Shaw was appointed Secretary. He continued to serve as Honorary Physician until 1922, when he retired from active service and was appointed Hon. Consulting Physician in recognition of the work he had done so faithfully. This position as well as that of a member of the Governing Body he held up to the time of his death. It will thus be seen that his association with the Hospital lasted for just fifty years. Dr. Walker will long be remembered by all with whom he came in contact for his unfailing geniality and kindness of heart, which endeared him to patients and staff alike. After his medical duties ceased, he maintained his interest in the Hospital by attending the weekly meetings of the House Committee with unfailing regularity until the week before his death. His long record of devoted service will not speedily be forgotten.

The numerous calls upon their time for participating in various war activities has perforce somewhat restricted the

attendances at meetings of some members of your Committee. Mr. Derek P. Wilks is away on active service and the increasing demands upon the services of Mr. Herbert Crowther and Mr. C. E. Morris have made them infrequent visitors. This has thrown an additional burden upon a few who have fully responded to the call made upon them so that the affairs of the Hospital cannot in any degree be said to have suffered through neglect or lack of supervision.

FINANCE

The rise in the cost of commodities, coupled with the fact that Hospitals are not exempt from the Purchase Tax, together with increases in the cost of labour, has inevitably resulted in greatly increased expenditure under practically all heads. This is shown by a comparison of the per capita charges for 1938, the last full normal working year, 5/7 per day, with those ruling throughout 1940, 7/10 per day. On the credit side income shows a serious shrinking, though your Committee wishes to take this opportunity of expressing its sincere thanks to all those who have in any way continued their support during these times of financial stringency.

In these circumstances your Committee views the future with some degree of apprehension and, after very careful consideration, has decided that the time has now come when some increase in charges must be made. These will be submitted in detail to the Annual Meeting, when, it is hoped, they will be approved and ratified. It has been the endeavour of your Committee to make these increases as moderate as circumstances will allow, but some such increases are unavoidable under existing conditions. The supporters of the Hospital may rest fully assured that your Committee will keep a close scrutiny on all expenditure and will adopt the cautious policy which the needs of the situation demands. For until the final adjustment with the Ministry of Health has taken place—and it is impossible to forecast when this will be—the exact financial position cannot be precisely known.

LEGACIES

During 1940 the following amounts were received and have been credited to Endowment Account:— Mrs. A. E. Richardson (9th distribution), £45; Miss Ada Lightowler, £10; James Hamilton Brown, £89/16/8; Ezra Naylor, £801/12/-.

Miss Anne Newton bequeathed £1,000 for the purpose of endowing a bed. This is the first bequest of this kind in the history of the Hospital—a period of 115 years—Mr. Holdsworth Wilson left £200 for promoting the research work of the Laboratory and this sum has been invested in 3% Defence Bonds.

GREY CROSS CAMPAIGN

This is perforce suspended indefinitely. In addition to the instalments payable under the seven years' Covenant Scheme, some small sums have been received. These together with the Bank Interest have enabled the Committee to invest £10,000 in Harrogate Corporation Mortgage $2\frac{3}{4}\%$ and £3,000 in $2\frac{1}{2}\%$ National War Bonds.

During the past twelve months the effort to raise 20,000 Shillings by donations from patients towards the Endowment of a Bed has increased by £265. This may be considered a very satisfactory result in view of the present difficult times and the far from easy circumstances of many of the donors. Though there is still a long road to travel, there is good reason to hope that in time the end will be attained.

THANKS

The cordial thanks of your Committee are due to many kind friends who have given most generously of their time and services to promote and maintain various Hospital activities. Among these your Committee desires, at the risk of appearing invidious, to single out for special mention, Mrs. E. M. Mackay, Mrs. Norman Rae, Miss D. M. Dickinson, and Miss M. H. Freeman for their regular attendance and voluntary help with the Nursing Services of the Hospital by which they have helped to lighten the work of the professional staff.

Miss Young has given ungrudging help for several months with the clerical work on the Military side. This has been as invaluable as it has been cheerfully forthcoming.

Miss Ackernley and Miss Kirk have not merely carried out a "drastic purge" on the Library but have made a new catalogue, added a large number of recent and attractive books and attend, with unfailing regularity twice a week for the changing of them.

Mr. Sam Hempsall has spared himself neither time nor trouble in arranging a most attractive series of weekly entertainments for the patients, and hearty thanks are also due,

and are freely accorded, to all those who have so cheerfully faced the rigours of the black-out—many of them after a day's work—to alleviate the somewhat monotonous routine of Hospital life. Considerations of space forbid a detailed list which includes many whose names are household words in Harrogate, and your Committee can only ask all from the greatest to the least—and some of the performers were very small—to accept their thanks and appreciation of their efforts to give pleasure to others.

Mrs. Hempsall, besides giving invaluable help at these Concerts, has shared the duties of Honorary Organist at the Sunday Services with Miss Cauldwell and to both of these ladies sincere thanks are due.

Others—notably the Congregation of St. Luke's Church, Mrs. Burrows, Mr. & Mrs. Hempsall, Mrs. May & Mrs. Skelsey—have most kindly given hospitality to some of the more severe Military cases ; this kind thoughtfulness undoubtedly exercises a most beneficial effect upon their condition and general outlook.

The visit each month of E.N.S.A.'s travelling cinema has provided a series of well selected films which have been a source of real enjoyment.

Report of the Hon. Medical Staff.

During the year the Hospital has not been used to its full capacity by civilians. Several causes account for this ; among them difficulties of transport and a natural reluctance of patients to leave their homes in war time. Also many doctors may not realise that the Hospital is once again available for civilian patients. As all the essential services of the Hospital are actively working, the Medical Staff hopes doctors will send their patients, who require investigation and the Harrogate treatment, as they have done in the past.

The Staff were sorry to lose the services of Dr. G. L. Kerr Pringle as Medical Superintendent. During his period of office he brought the services of the Hospital to a high state of efficiency.

The soldiers recommended for admission have been selected cases, either belonging to the Rheumatic group or orthopædic cases requiring physio-therapy.

We feel that much greater use could be made of the special facilities of the Hospital, if medical officers in the Services were more aware of the benefits which physical treatment can effect in suitable cases. It is hoped that the Authorities who are planning further Rheumatic treatment centres will first use fully the Spa Hospitals.

The research work has been temporarily suspended owing to the war ; the Director, Dr. Douglas H. Collins having been assigned to an E.M.S. Hospital. This work has proved of inestimable value and its early resumption is desired by us all.

Dr. C. Trist Gasking, Assistant Physician, volunteered for Army Service and is now a Hospital Registrar.

A. C. SHARP, M.D. (Chairman)

Gynæcological Department.

After the Hospital was re-opened to Women 27 cases were referred. Swabs were sent to the Laboratory for culture in 25 cases. No Diathermy or other special electrical treatment could be given in the Department, as its rooms had been taken over for other purposes ; but 13 cases received other treatments.

The Electricity Department again gave certain treatments, mainly D'arsonval, which is invaluable in Pruritis cases, and it is hoped that some means of ' screening ' this machine will be evolved.

CLINICAL LABORATORY

With the opening of the Hospital early in the year for civilians as well as Military patients the activities of the Clinical Laboratory soon became prominent. During the year 4,181 specimens from patients were examined. Research into the comparative value of the different methods of performing the sedimentation test has continued and it is hoped that the results will be made available shortly through the Medical press.

Appended is a Summary of the examinations carried out during the year.

HARROGATE ROYAL BATH HOSPITAL and RAWSON CONVALESCENT HOME.

The Cost of Endowing a Bed is
£1,000.

The Hospital and Home have at the present time only four beds partly endowed out of a total of 150, and it is felt that many of our supporters could perpetuate the memory of relatives and friends in no better way than by endowing and naming a bed after them.
